To provide a fast-track route towards Fellowship through the International (i.e. non-domestic) Arbitration Pathway. The Accelerated Route towards Fellowship has been designed for busy, legally qualified professionals who have substantial unassessed knowledge and experience of international arbitration. The aim of the programme is to assess whether the candidate has the knowledge required to apply the principles and procedure of international arbitration using arbitration legislation based on the UNCITRAL Model Law and Arbitration Rules and is capable of writing an reasoned and enforceable International Arbitration Award.

Candidates must evaluate their personal suitability to undertake the programme, appreciating that the assessments are intensive and that they will be assessed against standard benchmarks.
